

Our proud accolades

Ceramic Fashion Studio is known for creating stylish tiles that carry an inherent oomph factor. Continuing its legacy, it is here with another brilliant collection, Feature Floors 18'. As the name suggests, it is here to redefine the standing norms associated with the floor tiles. The collection presented here is sure to break stereotypes related to the floor tiles as it has sturdy and stylish tiles having rich details and robust body. These are designed to perfection and carry an intrinsic enigma that is sure to woo one and all. Gone are the days when style was limited to just closets as CFS is all set to bring it to the surfaces with its latest collection.

ABOUT FEATURE FLOORS

Feature Floors created with Modern/ Contemporary/ Moroccan Design floors with a strong personality for myriad of areas & environments painstaking planned down to the finest detail merge with a new way of living the metropolis, focusing on the quest for unique experiences: from moments of fine dining or well-being, all the way to business meetings. Hotels and modern avant-garde buildings, SPA and wellness centers are designed with specific and innovative concepts that combine elegance and comfort by meeting the needs of those who want to combine business, entertainment and relaxation. It is these hospitality areas, where elegance without any compromise leaves its mark, where CFS always dedicates special attention, creating surfaces to furnish environments with contemporary elegance and style that is second to none and sought-after, where luxury and design coexist. Dedicated to contemporary spaces, projects complete with floor and wall cladding reinterpret the charm of the most precious and trendy designs with incredible aesthetics and attention to detail. Excellence in technical research and in the production process by CFS creates surfaces that produce the look with extreme accuracy in terms of graphic depth and richness. A vast range of surface finishes is designed for multiple applications and intended use in the reception areas: hall, reception, waiting rooms, business lounges, suites, bathrooms and spa. The beauty and splendor of the Feature Floors come alive in a surface that guarantees the technical and functional advantages of porcelain stoneware tiles: perfect technical reproduction of identical surfaces over time, resistance to wear, stains and contact with detergents. For exclusive continuity are available that are resistant to weather, resistant to frost and have anti-slip properties. CFS Feature Floors stand out thanks to their elegant aesthetics and decorative soul and they also have other important practical advantages: surface is easy to clean, the color does not change over time and the tiles are resistant to stains and chemicals. For sought-after interior decoration there are spectacular three-dimensional designs, with sinuous sculptural reliefs to create walls of high aesthetic and decorative impact.

FEATURES AND ADVANTAGES OF FEATURE FLOORS

Vitrified tile is a compact and non-porous material, resistant to frost and fire, resistant to wear and breakage. It also resists acids, chemicals and thermal shock. Durable, resistant and easy to clean, FEATURE FLOORS offer considerable advantages in numerous applications in residential, commercial and medium traffic public venues. Resistant to footfall and resistant to attack from chemical agents, the surface is characterized by unalterable aesthetics that make these tiles perfect for floors for projects of commercial spaces, restaurants and wellness areas, shops, offices, hotels and business lounges. CFS offers FEATURE FLOORS suitable for use in areas subject to moderate footfall. FEATURE FLOORS do not get damaged when they come into contact with moderate/ mild acids or detergents, do not allow the build-up of mites or bacteria, do not emit volatile organic compounds (VOC) and are easy to maintain: thanks to these, FEATURE FLOORS are particularly suitable for use in spa and wellness center, bathroom floors as well as kitchen floors in both residential and industrial contexts. In general, they are suitable for use in all residential or commercial venues that require safety and hygiene.

FEATURE FLOORS SURFACE FINISHES:

FEATURE FLOORS are available in various surface finishes depending on the application of use: the matt surface, the satin finish, the textured surface, partly crackle surfaces and the matt undulated surface. The later options are characterized by non-slip characteristics, specifically designed for such flooring.

SOLUTIONS FOR SUSTAINABLE DESIGNS.

FEATURE FLOORS meet the requirements of sustainable building and allow the construction of architectural projects that are environment-friendly.

FEATURE FLOORS stand out due to their striking aesthetic beauty, thanks to the synergy maintained between the attention paid to market trends and the application of the most advanced technology and production research. The result of ongoing research into trends in architecture and the planning and design of interiors and exteriors, these are characterized by impeccable style, the perfection of their surface and the innovation of their design.

The extraordinary richness and attention to detail is the result of constant technical and technological research. FEATURE FLOORS take inspiration from modern, classical, contemporary & Moroccan patterns and are characterized by stunning realism and much attention to detail. Effect combine the style and feeling that evoke the technical and functional advantages of Vitrified tiles. FEATURE FLOORS mirror the latest design trends in terms of materials and furnishing, for the planning of myriad spaces being able to please without compromising on aesthetics, safety and functionality.
